DRAGON HEALTH PLAN
Budget monthly—the easy way to pay
for looking after your pet's health

Welcome

Whether you are a new or an existing client, we would like to thank you for choosing Dragon Veterinary Centre. Our aim is to provide the best possible healthcare for your pets in a pleasant, friendly environment.

We are committed to keeping abreast of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. To enable pet owners to spread the cost of routine treatment, we have designed our own practice membership scheme - the Dragon Health Plan.

Prevention is better than cure!

Our practice membership scheme provides pet owners with the support they need to help their pets to stay fit and healthy.

Regular visits mean that we have the opportunity to administer necessary vaccination and dispense accurate and up-to-date worming and external parasite treatments. In addition, an overall clinical examination gives us the opportunity to carefully monitor the general health of your pet and offer advice and support which in many cases may prevent problems arising in the future.

Furthermore, the cost of maintaining the good general health of your pets is distributed throughout the year by simply making monthly Direct Debit payments - it couldn't be simpler.

Additional Benefits:

State-of-art Laser surgery available - unique in the North East of England for less painful surgery with minimal bleeding

Advanced dentistry, such as root canal therapy, in separate dental suite.

Referral dermatology consultant available for complex skin cases

Easy parking

Full medical and surgical facilities

Spread the cost of your pet's health care with monthly payments by Direct Debit
